Letters to God

I recently bought the series of books entitled, "Dear God ... My Little Book of Letters." Although these letters are written to help answer very complex questions that children have about God and life, I thought I would share a couple with all of you. After all, we're all children of God, and we're all curious.

Modified Letter to God #1

Dear God,
Do you really see everything?

God's answers: I see it all, because I can be everywhere all at once. I can be at your aunt's house and your friend's ball game and your church picnic without missing a single second. But the big question is this: Does that scare you (because I just saw you sneak a cookie out of the cookie jar) or does it make you feel safe (because I already looked under your bed tonight)? I really can do amazing things ... and I love doing them for you.

With much love,
God

Nothing in all creation is hidden from God's sight. –Hebrews 4:13

Modified letter to God #2

Dear God,
Just how did you get the sun to just hang up there in the sky?

God's answers: Sometime today look out your window. I have created everything you see. The trees, flowers, sky, birds, bees ... Whew! I tried to think of everything! Actually, I am an artist who paints every detail. I am an inventor whose creations can never be duplicated. I know the numbers of hairs on your head. Imagine that! I know exactly what's in store for your life, and I know it's going to be a great year for you.

With much love,
God.

And God saw everything that he had made, and, behold, it was very good. – Genesis 1:31

And now, here are some letters to God I on found online. These are still awaiting answers from God.

Dear God,
I would like to live 900 years like the guy in the Bible. Can you do that for me? Love, Chris

Dear God,
Instead of letting people die and having to make new ones, why don't you just keep the ones you have? Jane

Dear God,
If you give me a genie lamp like Alladin, I will give you anything you want except my money and my chess set. Thank you, Tom

Dear God,
We read in school that Thos Edison made light. But in Sunday School they said you did it. So I bet Thos stole your idea. Sincerely, Donna

Dear God,
I have scary dreams at night. Where do they come from, or should I ask the devil? Billy

Dear God,
Thank you for the baby brother but what I prayed for was a puppy. Joyce.

I hope these brought a smile to your face and helped you forget the world's chaos for a few minutes.

Peace and Blessing!
