## ***DAILY DEVOTIONAL FROM PASTOR SELL***

### **Monday, August 2**

I looked out the kitchen window just as the sun was coming up. The grass glittered with the morning dew. It was like sparkling diamonds, millions of them. It was glorious. If I had been just a few minutes later, I would have missed the sun-kissed morning spectacle.

As I gazed at the lawn and the morning light, I thought it was so much like the church. If one blade of grass sparkled with dew, I would have missed it. When thousands of dew drops reflect the light, it is amazing. As members of a congregation gather to share the love of Jesus, the church has an impact of the neighborhood and the world. Jesus calls each of us to reflect the light of Christ.
