DAILY DEVOTIONAL FROM PASTOR SELL

Thursday, February 10

Think about tables for a moment. Remember the tables in the school cafeteria? Long tables seating 8-12 where a group was limited who could sit there. What about the coffee table in the living room which is a sign of friendship? Remember eating at the Good-N-Plenty Restaurant and being seated at long table with strangers from all over the country? By the end of the meal they weren't total strangers any more.

It is not a surprise that Christians talk about the communion table; the table where people gather and strangers become friends. Jesus is the host of the dinner table and offers not only food but forgiveness too. The humble table has profound meaning.
