DAILY DEVOTIONAL FROM PASTOR SELL

Thursday, February 17

I finally saw it! For months I have heard about the giant bird who sits on the high chimneys on the homes on Main Street in Landisville. It is truly a giant bird that looks more like a 30lb black turkey. Imagine the view he has from up there. It would be vastly different from my view at five feet above the ground. Perspective can change our opinion of the situation.

Ralph Waldo Emerson once wrote “Prayer is the contemplation of the facts of life from the highest point of view. “Too often when we pray, we are focused on one small thing that seems most important at the time. That is one kind of prayer, but another is to contemplate events from a higher perspective. Is your prayer life focused on the small things or do you accept Jesus’ challenge to look at things from a higher point of view?”
