## ***DAILY DEVOTIONAL FROM PASTOR SELL***

### **Monday, January 31**

I hope you have had an opportunity to look through the list of the 2021 activities at Zion. Although Covid required us to do things differently during the year so much was accomplished in an effort to share the Good News of Jesus. The Holy Spirit challenged and supported congregations around the world to continue to be the church. When congregations were unable to gather – they learned to live stream. When sharing a meal was not possible - Churches did takeout. It seemed like churches always found the Plan B or C to continue doing ministry. Let's give thanks to God for a Spirit that challenges, encourages, and enables ministry to continue no matter what the situation.
