DAILY DEVOTIONAL FROM PASTOR SELL

Monday, July 12

It's time for a little silliness. A hardy laugh is good for the soul.

It might be hot IF...

- The cat insists on sitting on the desk right in front of the AC.
- The birds gather round the pond for most of the day.
- PennDot has a road crew digging up concrete on a road.
- Your primary thought during the day is about long, ice cold showers.
- A 64 oz. slushie is about right for your coffee break.
- You have changed your clothes for the fourth time in a day.
- It is 'raining' in your fridge because the door has been opened too many times.
- The toilet seat is hot, and nobody's been in there all day.
- The thought of dinner only brings cold salad to mind.
- When you have the fan AND the air conditioning on at the same time.
