DAILY DEVOTIONAL FROM PASTOR SELL

Tuesday, July 20

UGH! I hate crabgrass! Why is it when it is beastly hot and plants are wilting, crabgrass takes off and goes like there is no tomorrow. I have pulled crabgrass every other day and can hardly keep up with it. To say it grows like a weed is an understatement.

Sin and sinful thoughts have a way of being like crabgrass. When our lives hit stressful times, these thoughts have a way of growing and growing. When we are confronted by such times we need to look to the cross and hear God's words of forgiveness. We need to remember Jesus died to take away our sin and lead us in new paths of wholeness and health.
