## ***DAILY DEVOTIONAL FROM PASTOR SELL***

### **Tuesday, July 27**

Good grief, the intersection at East Main and Esbenshade has become a challenge. Not only does the work crew park on all sides of the intersection but the traffic pattern changes frequently. Large machines block the lanes from time to time. Men constantly walk back and forth across the intersection. It is time to investigate a new way to get from Mount Joy to Landisville and back. There must be options.

On old saying says “When one door closes another opens.” That is so true. Moses murdered a man yet is called by God to lead the people of Israel. Peter denies the Lord but becomes a spokesperson for the early church. St. Paul was blinded on the Damascus Road and a new door to proclaiming Christ was opened. Again, and again one door closes, and another is opens.
