## ***DAILY DEVOTIONAL FROM PASTOR SELL***

### **Thursday, July 29**

Do you remember when your children were toddlers, and you could recognize their voices even in a crowd? My daughter and I were in a Radio Shack one day when she wandered out of the store and into the main part of the mall. In a panic, I dashed into the crowd to find her. Then above the din of the mob I heard her little voice “Mom.” It was the only thing I heard! I didn’t let go of her for the rest of the day.

God hears us when we are lost and afraid. He hears us when we call in fear and desperation. He hears us when we utter words we wouldn’t want others to hear. He hears us even when the words are only in our hearts. Then, like a father, he responds. It is comfort to know God is present and hears our call.
