JUST LIVING AND THINKING

Thursday, March 18

The green haze, oh the green haze! Recently I had to travel north to take care of some personal business. I drove past fields plowed for spring planting and fields with the first green haze of tiny plants breaking through the ground. I couldn’t see individual plants just the green haze of millions of tiny plants that would eventually provide food in the months ahead. It is truly an amazing sign of the plan of the creator. The fields, however, need the care of the farmer to fully bring it to the harvest.

I thought about Jesus and the disciples. Jesus planted the seeds of the Gospel and challenged the disciples to continue to spread it throughout the world. Like the farmer the disciples tended the Gospel and as scripture says it brought forth “ten-fold and a hundred-fold.” How do you follow in the foot-steps of the disciples?
