### *JUST LIVING AND THINKING*

#### Friday, March 19

Have you ever really looked at the tree behind Cooper House? It is enormous. I would guess it would take at least three people to encircle the trunk. Its branches reach high into the sky in marvelous patterns. What power it must take for the water and nutrients to reach the upper most leaves. Unbelievable life surges up the tree to bring forth Spring’s new life. Not only above ground is the tree marvelous but below ground the roots reach out in all directions. Oh, the things the tree must have seen in its long life.

It maybe “just a tree” unseen in the business of life but I would encourage you to take a good look at that tree and wonder about the power of God the creator.
