DAILY DEVOTIONAL FROM PASTOR SELL

Thursday, November 11

“ALEXA, DO THE DISHES.” I saw that sign recently and laughed. Wouldn’t it be great if it was that easy? Even though I have a sink and a dishwasher, I don’t enjoy doing the dishes. It is one of those chores, along with dusting, which are no fun to do yet they never seem to go away for more than a day or two.

Many years ago, there was a program in many churches called The Round TUIT. It came with an explanation that went like this:

I’ll come to Bible Study when I get a round tuit.

I’ll serve on Church Council when I get a round tuit.

I’ll sing in the choir when I get a round tuit.

I’ll come to church when I get a round tuit.

You get the picture. After publishing sayings like this for several weeks, Churches sent out a small round stickie note – A Round TUIT.

Jesus never put off until tomorrow what he could do today. When he was confronted with a problem, he addressed it. He cured the sick, brought the dead to life, and gave hope to many. Are you putting off something? Is a card waiting to be sent? Do you keep meaning to make that phone call? We all put off or avoid doing things. Do one of those things today and take it off your to do list.
