DAILY DEVOTIONAL FROM PASTOR SELL

Friday, November 26

The holidays are fast approaching even though retailers have been telling us Christmas is coming since July. Over the coming weeks we will mark Thanksgiving, Advent, Christmas, New Year's, and the season of football. Too often we rush through this holiday season caught up in preparations, decorating, baking, and much more only to arrive on January 2nd thinking "I'm glad that's over."

Advent is the longest of the holiday observances – four weeks to contemplate who we are and where we are going in life. It is a time to reflect on our relationship with Jesus and how we will live out our discipleship in the new year. Can we give our time to a ministry of the church? Is there someone who needs some TLC? Is there a new ministry you can start at Zion?
