DAILY DEVOTIONAL FROM PASTOR SELL

Wednesday, September 1

A lot on dirt has been moved on a property along Stoney Battery Road. All summer earth has been moved from one side of the property to the other. Mountains have been built and valleys made. Although I am sure it will be the location of one or more large factory buildings, it is difficult to see how it is all going to come together. Maybe it is my perspective from just driving by.

Abraham Lincoln during the Civil War said, “Prayer is looking at things from the highest possible perspective.” It is easy to look at the small things and forget there is a higher perspective. DO you remember the old story about the person who went to heaven and was shown a large weaving to depict their life? There were dark spots and light spots, but it was ugly and made no sense. God then revealed the other side, and it was a beautiful picture. It is all about perspective and God.
